ABSTRACT

The project is aimed at develop an atmosphere for the reader and the writer to show their creativity online with this website. This website gives chance to people to try new author and there genre work and to all those people who think novel is to big read with this website they can achieve a satisfactory fact that they have finished it. Thus it has its benefits too, it help people to learn new things, releases there stress helps to increase their knowledge learn new vocab on daily basis.

For one, short stories are shorter than novels. Technically a short story is anywhere between 1,000 to 20,000 words. If your story is less than 1,000 words, it would be considered flash fiction .It gives a satisfactory of finishing of a novel.

It has plethora of stories to choose from over here on this website it has room for everyone to choose according to their taste and there choice without any language barrier in it.
